Traffic fatality on I-30

By: APD release

The Arlington Police Department is investigating a major accident that occurred early Sunday morning and resulted in the death of the vehicle's lone occupant.

On Sunday, December 2, 2012, at about 2:30 a.m., Arlington Police officers responded to a major accident in the 1800 block of the eastbound lanes of Interstate 30.

Based on information gathered early into the investigation, the driver of a 2008 Ford F-250 was traveling eastbound on Interstate 30 when for an unknown reason the vehicle struck a guardrail and then left the roadway, rolling into a ditch next to the highway.

The driver was ejected from the vehicle and pronounced dead at the scene. The cause of the crash remains under investigation.

The name of the driver, who was in his 30s, will be released by the Tarrant County Medical Examiner's Office once official identifications have been made and next of kin have been notified.
